

*Fertility... For Sure!!!*

# Letter from the MD

Hello,

FERTILESURE PHARMA, the unique name itself suggest that it is related with fertility.

Incorporated back in 2015, I have a roadmap in my mind that I want to grow this organization with the complete infertility care range of products. Started with a single product, we have now more than 30 products SKU and more than 10 new products in pipeline in near future.

Our organization has completed 8 years and established as a quality conscious fertility medicine provider with affordable price and with best cold chain service.

I am committed to provide same kind of quality products and best service with your supports and blessings.

Thank you.

MD  
FERTILESURE PHARMA

## Our Esteemed Suppliers

サンザイム

**Sanzyme**

## Our courier partners

# CHORIO-SURE HP

5000 IU HCG Lyophilized Injection (Highly Purified)

## Triggers Ovulation

HCG injection is well documented and accurate means of triggering ovulation by the time of optimal follicle maturation.

## Indication

- Anovulatory infertility cases where prior stimulation done with FSH or HMG.
- Ovarian stimulation in assisted conception techniques.
- Habitual & threatened abortion.
- Corpus luteum insufficiency.
- Recurrent pregnancy loss
- Luteal phase support

# CHORIO-SURE HP **AQ**

5000 IU HCG Aqua Injection (Highly Purified)

## Triggers Ovulation with Aqua form

HCG injection is well documented and accurate means of triggering ovulation by the time of optimal follicle maturation.

## Advantages

- Better Patient Convenience with same benefits
- Ready to use aqua form of HCG
- Better Stability

# MENOGO-SURE HP

75 IU & 150 IU HMG Lyophilized Injection  
(Highly Purified)

## Ensures Follicular Growth

In patients with WHO group 1 of infertility, HMG preparations must be used to ensure E2 production and endometrial maturation. HMG-HP results into higher pregnancy rate compared to r-FSH.

## Indication

- In anovulatory infertility in a sequential manner with HCG.
- Multiple follicular development in ART cycles.

# FOLLISTI-SURE HP

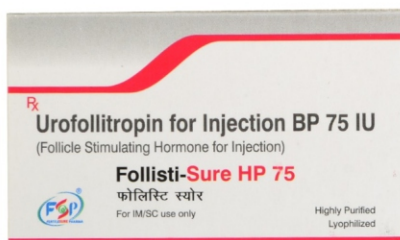

75 IU & 150 IU FSH Lyophilized Injection  
(Highly Purified)

## Effective Follicular Stimulation

FSH alone is sufficient to ensure adequate steroidogenesis and endometrial development and is also more suitable in PCOS patients to reduce the risk of OHSS.

## Indication

- Stimulation of follicles when given in conjunction with HCG in patients with PCOS who have failed to respond to adequate CC therapy.
- Stimulate development of multiple follicles.

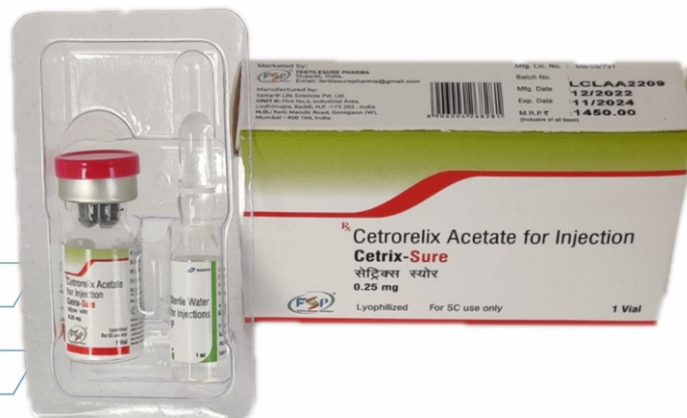

## Cetrorelix Acetate Lyophilized Injection 0.25 mg

## Flexible multidose GnRH antagonist

## Promising Alternative

## Long mid-luteal GnRH agonist

- Reduction in incidence of OHSS
- Shorter treatment period
- No cyst formation
- Improves pregnancy rate
- Prevent the untimely LH surge.

# LUPRIDE-SURE DEPOT

Leuprolide Acetate Depot 3.75 mg

## Treats Endometriosis Carefully

- The only treatment approved by US-FDA in endometriosis associated pain for greater than 6 months in combination with oral norethindrone acetate.
- Treatment with GnRH-a is more effective in decreasing endometriosis related symptoms as compared to oral contraceptives.
- For down regulation in IVF Cycles

### Dosage:

In Endometriosis - 3.75mg depot monthly with norethindrone acetate 5 mg daily indicated for initial management and for recurrence of symptoms maximum up to 6 months

# CARBO-SURE

250mcg / 1 ml Carboprost Injection

## Indication

-To treat postpartum uterine Hemorrhage

# FSPROGEST AQ

Progesterone Aqua Injection 25 / 50 mg

## Indication

- To treat amenorrhea & abnormal uterine bleeding due to hormone imbalance
- Prevention of preterm birth & recurrent miscarriage,  
Threatened abortion, Luteal phase defect , Bad obstetrics history,  
Luteal phase support in ART & Preterm labour
- As a progesterone supplementation in women (34 years of age and younger)  
who cannot use vaginal preparations and undergoing IVF or treatment in  
an assisted reproductive Technology (ART) program

# FSPROGEST

Progesterone Softgel Capsule 200 / 400 mg

## Indication

- Recurrent/Threatened Abortion
- Abnormal uterine bleeding
- Luteal support after ART
- Luteal Insufficiency
- Amenorrhea

# FSPROGEST SR

Progesterone SR Tablet 200 / 300 mg

## Indication

- Recurrent/Threatened Abortion
- Abnormal uterine bleeding
- Luteal support after ART
- Luteal Insufficiency
- Amenorrhea

## Progesterone Gel 8.0% w/w

## Indication

- Hormone replacement therapy
- Treatment of Female infertility

# ESVAL-SURE

Estradiol Tablet 2 mg

## Indication

- Increase endometrial thickness in IVF cycles.
- Hormone replacement therapy (HRT) for estrogen deficiency symptoms in peri & postmenopausal women.

# LETZOL-SURE

Letrozole Tablet 2.5 mg & 5 mg

## Indication

- Ovulation induction
- To treat the breast cancer

# CABGO-SURE

Cabergoline Tablet 0.25 mg & 0.5 mg

## After Parturition/Miscarriage/Still Birth

Inhibition of Lactation	Suppression of Lactation
1 mg as a single dose (0.5 mg 2 tablets stat dose)	0.25 mg every 12 hours for 2 days (Total dose 1 mg)

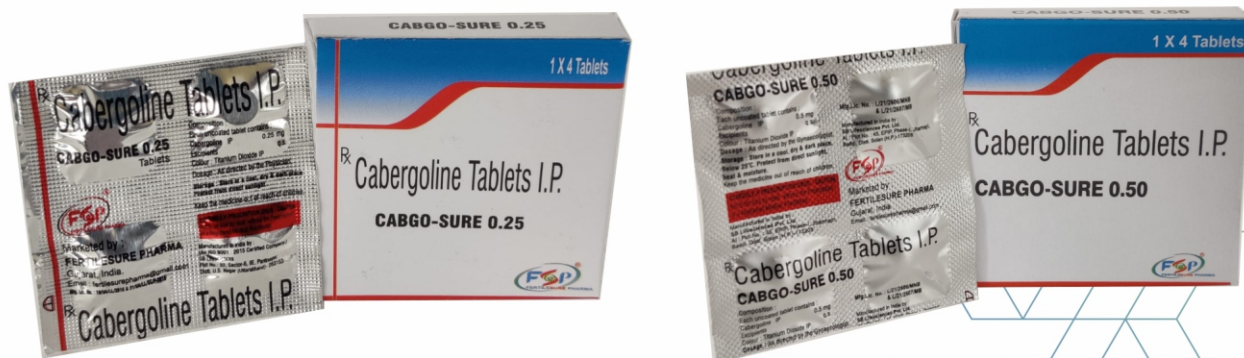

## Indication

Amenorrhea  
Prolactinoma

Oligomenorrhea  
Gigantomastia

Galactorrhea  
Prevention of OHSS

Infertility due to Prolactinoma

# CO-Q SURE

Co-enzyme Q10, L-Carnitine, Zinc,  
Lycopene & Astaxanthin Tablet

## Coenzyme Q10:

- Vitamin like substance which helps to generate energy in cells and involves in making ATP (Adenosine triphosphate).
- Protects cells from oxidative damage and prevents lipid peroxidation in sperm membranes.
- Serves as an energy promoting agent and anti-oxidant.

## Lycopene & Astaxanthin:

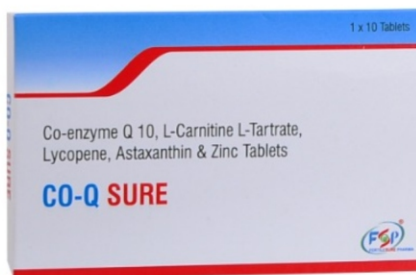

- The most potent singlet oxygen quencher of all carotenoids for male infertility
- Reduce free radical in the sperm cells & Improves sperm health with motility.
- Antioxidant properties.

## L-Carnitine L-Tartrate:

- Naturally occurring amino acid which helps produce energy in mitochondria.
- Improves sperm motility as works as an energy booster.

### Each Film Coated Tablet Contains

Co-enzyme Q10	200 mg
L-Carnitine L-Tartrate	500 mg
Zinc	25 mg
Lycopene	50 mg
Astaxanthin	16 mg

# MYO-D SURE

Myo Inositol, D-Chiro Inositol, L- methyl Folate, Chromium & Vitamin D3 Tablet

## Myo-Inositol:

- Natural substance found in the B vitamin family.
- Helps the body properly balance hormones, promotes ovarian function,
- enhances egg quality and encourages MC regularity and overall fertility.

## L-methyl folate:

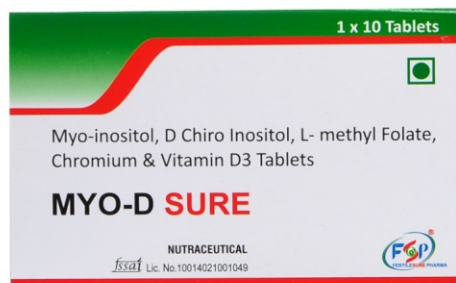

- Prevents anaemia. Active form. Easy to absorb.

## Vit.D3:

- Bone density and overall health.

### Each Film Coated Tablet Contains

Myo-Inositol	1000 mg
D-Chiro Inositol	25 mg
Chromium	100 mcg
L-methyl Folate	500 mcg
Vitamin D3	1000 IU

# ARGI-L SURE

L-Arginine, L-Carnitine, Vitamin E,  
Calcium Acorbate, Vitamin B12, Magnesium,  
Vitamin B6, Folic Acid, Zinc & Biotin Tablets

ARGI-L SURE tablet can be provided to pregnant women as a dietary supplement. It helps to maintain healthy foeto-maternal circulation. L-arginine during pregnancy can increase the birthweight of babies who show poor growth while still in their mother's womb.

## Indication

- To make proteins and promote wound healing & can be effective in post-surgery case

- In reducing complications associated with pre-eclampsia in pregnancy
- In men, used to cure erectile dysfunction

### Each Film Coated Tablet Contains

L-Arginine	1000mg
L-Carnitine	250mg
Vitamin E	12.5mg
Calcium Ascorbate	250mg
Vitamin B12	500mcg
Magnesium	100mg
Vitamin B6	1.5mg
Folic Acid	0.75mg
Zinc	5mg
Biotin	10mg

# ARGI-L SURE

L-Arginine, Zinc & Folic Acid Sachet  
(Orange Flavour & Sugar Free)

## Indication

- Relaxes blood vessels in high BP patient.
- Improves blood circulation by strengthening capillaries, arteries and veins.
- Acts as an anti-oxidant and increase immunity.
- removes harmful radicals from cells.

### Each 10 gm sachet Contains

L-Arginine	3 gm
Proanthocyanidin	75 mg
Zinc	10 mg
Folic acid	2.5 mg

# FERBIS-XT

Ferrous Bis-glycinate, Zinc Bis-glycinate  
Folic Acid, Macobalamin Tablets

## Indication

- Necessary for normal functioning of Nerves, Cells, Muscle and Bone.
- To Increase the HB Count
- Pregnancy

### Each Film Coated Tablet Contains

Ferrous Bis-glycinate Eq. to Elemental Iron	60 mg
Zinc Bis-glycinate Eq. to Elemental Zinc	15 mg
Folic Acid	1 mg
Mecobalamin	500 mcg

# CCD-SURE

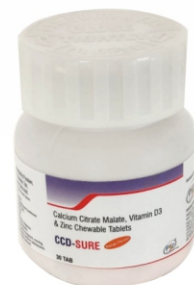

Calcium, Vit. D3 & Zinc Chewable Tablet  
(Mango Flavour)

## Indication

- Necessary for normal functioning of Nerves, Cells, Muscle and Bone.
- Post menopausal phase
- Pregnancy

### Each Film Coated Tablet Contains

Calcium Citrate Malate	500 mg
Vitamin D3	250 IU
Zinc	4 mg

# CCD-SURE

Coral Calcium And Vitamin D3 Tablets

## Indication

- Necessary for normal functioning of Nerves, Cells, Muscle and Bone.
- Post menopausal phase
- Pregnancy

### Each Film Coated Tablet Contains

Coral Calcium	500 mg
Vitamin D3	600 IU

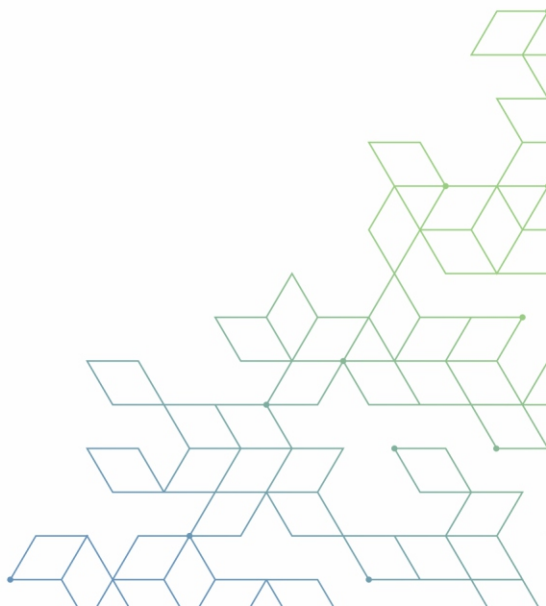

# Upcoming Products
